IN MEMORIAM

The members of the Board of Education of The Town of Bloomfield regretfully record the death of Dr. Charles T. Hock, and places in its records the following memorial in remembrance of his long and faithful service as a member of the Board of Education.

WHEREAS—

In the death of Dr. Charles T. Hock, there has passed from our community a distinguished citizen who has given of his time and talent without measure and whose sympathy was always with our public schools. Lavish in his friendship and generous in all things, there was in him no cynical self-seeking. His temperament was aggressive. He was a man of action, quick to translate a thought into a deed, and many a deed of kindly ministry he performed for his friends, neighbors, teachers and associates.

*"Far may we search before we find
A heart so manly and so kind."*

We recall with great pride his regular attendance, whenever possible, at all of our meetings, his untiring efforts in the performance of his duties, his willingness to assist all who sought his advice and aid, his many acts of benevolence, and while we shall feel his loss most keenly, the knowledge that he has lived an exemplary life, that he performed his duties conscientiously and efficiently console every one of us who were indeed fortunate to have been his associate.

RESOLVED—

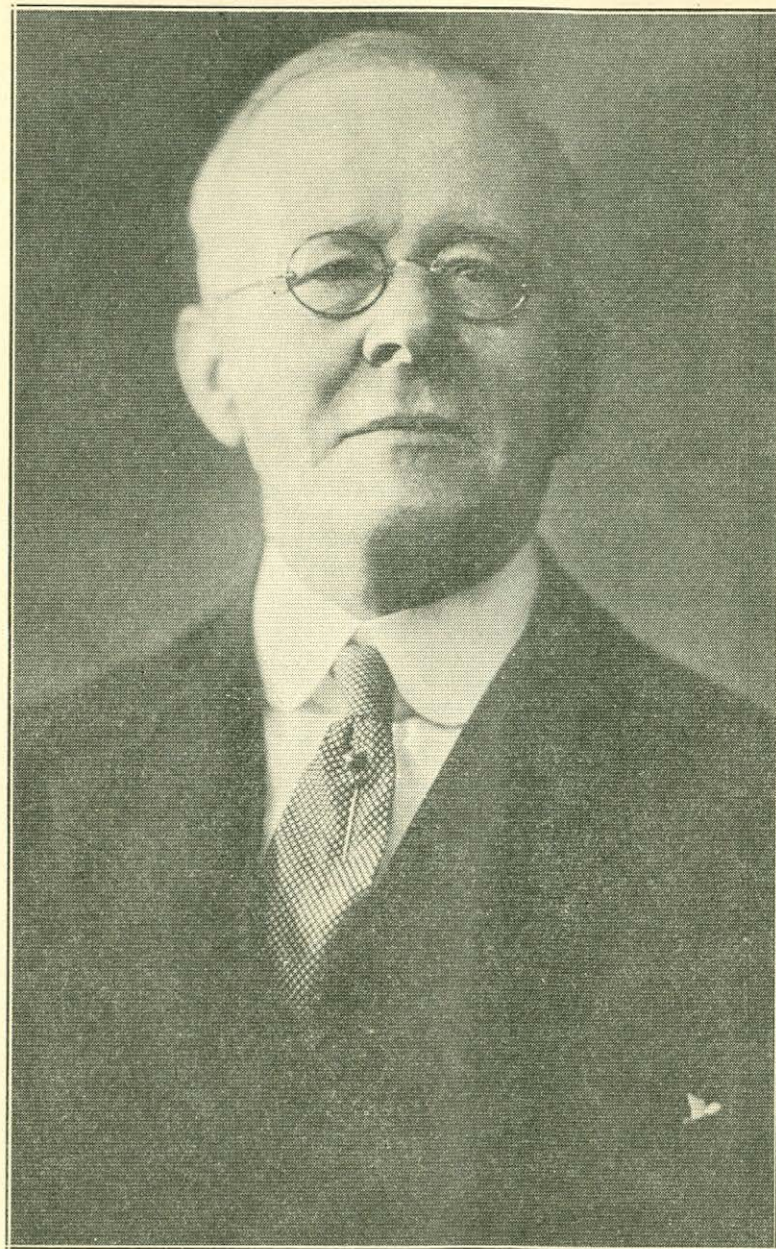

That the members of the Board of Education of The Town of Bloomfield are deeply moved at the loss of its fellow member, Dr. Charles T. Hock, whose service on this Board has been distinguished by the highest sense of devotion to the best interests of our public schools. His ability to do things well has commanded our admiration and support. His warm-hearted friendship has won our affection and his memory will always abide with us.

We desire to express our tenderest sympathy to his family.

BE IT FURTHER RESOLVED—

That these resolutions be spread upon the minutes, and a copy presented to his bereaved family.

BOARD OF EDUCATION.

Dr. Charles T. Hock

REPORT OF SUPERINTENDENT

Office of Superintendent of Schools,
Bloomfield, N. J.

June 30, 1932.

*To the Board of Education,
Bloomfield, N. J.*

In accordance with your request I present herewith a very brief report of the public schools of The Town of Bloomfield, for the school year July 1st, 1931, to June 30th, 1932.

Due to an epidemic of infantile paralysis the opening of school was postponed from September 9th to September 21st, thereby losing eight school days at the beginning of the school year. The record of promotions at the close of the year indicates that both teachers and pupils worked harder and thus no serious loss has been felt.

Possibly no year in the history of our public schools has been as marked as the one just closed. Many and trying have been the demands on both teachers and pupils. On several occasions whole weeks were devoted to collecting bundles of clothing and food through the schools to be distributed through the Town Relief Department. The response was most gratifying when we note that 2,097 bundles of clothing and food were collected and distributed in this manner. Work of this kind makes us all conscious of the distressed period of our present day.

For many months during the year teachers and all other employees of the Board of Education made voluntary contributions to a relief fund which was dispersed by a central committee consisting of the superintendent of schools and one teacher from each school. The Town's Relief Department and the League for Friendly Service were represented at all meetings of this committee. Direct contributions to The League for Friendly Service were made from time to time by this committee and also by the Athletic Association of the High School from a charity football game. It is known that many teachers tendered help and relief to those in need as cases came to their attention, both in school and in the community.

Each school through its Home and School Association and by private contributions furnished milk to many hundreds of pupils who otherwise would have been deprived of this valuable food. Again our schools have proved to be an agency for good as well as an educational institution.

There is no question but that there will be an increased demand in the near future for young men and young women who have had at least a High School education. It is hoped that parents today will not lose sight of this condition, and encourage their children to remain in school just as long as possible, for by doing so they will be performing a parental duty. We shall find when this period of depression is ended there will come a period of re-

construction and readjustment of industrial and economic conditions in which educated young people will be in great demand.

More than ever before we have been trying to have our pupils see the connection between school work and life; an earnest attempt has been made in the classroom to prepare the children for contact with real things of life.

During the past year we were obliged to add several more part-time classes to those already existing. Within a period of two months after the opening of school last September four new teachers were added at Brookdale School, placing several classes on part-time in this school.

The opening of the new No. 12 school next September at the corner of Broughton and Watchung Avenues will serve to relieve the crowded conditions at Franklin, Brookside and Brookdale schools.

For the first time since 1912, all of the public and parochial school pupils numbering nearly nine thousand participated in a monster parade June 15th. The pupils in the kindergarten and primary departments confined their line of march to the 'Green,' and were led by the Junior band of the Elementary schools. The elementary and high school pupils, led by the high school band, marched from the high school past the Municipal Building where they were reviewed by the Board of Education and members of the Town Council. The line of march contained a float depicting "Washington Crossing the Delaware."

We announce with deep regrets the death of Dr. Charles T. Hock, long a member of the Board of Education, and Chairman of the Instruction Committee. Dr. Hock proved himself a friend to teachers and pupils alike.

In submitting this brief report of the year's work, I wish to express my deep appreciation of the helpful support accorded me by the Board of Education. The success achieved is very largely due to the faithful and untiring energy displayed by members of the supervisory and teaching staff in the faithful performance of their duty.

Respectfully submitted,

EDGAR S. STOVER,
Superintendent of Schools.

REPORTS OF DEPARTMENTS

Medical Inspection

This department completed a successful year in the field of health and social work. Due to this period of depression our nurses had more social work to do than usual. During their visits to homes they found many families in want. Through the different organizations, including the Relief Committee of the teachers and other school employees rents were paid, food supplied, clothing and shoes purchased and many children taken to free clinics for treatment.

During the school year all the children in the Elementary and Grammar schools were examined by the medical inspectors and those found defective in hearing and vision were referred to Dr. Frederick Shaul, in charge of our special clinic, and carefully re-examined, parents were notified of these defects and were informed of clinics and specialists.

From 10% to 15% were found with defective hearing and from 20% to 30% with defective vision. About 20% of these children were fitted with glasses and received treatment for their defective hearing.

A greater number of underweight children showed marked improvement over previous years and the gain by the individual child was greatly increased, this was no doubt due to the large quantity of milk distributed throughout the schools.

The following is a detailed report of the medical inspectors and nurses:

Dental Clinic

The work of the dental clinic provides for a thorough examination of each child. These examinations are conducted by the School dentist both in the respective schools and in the clinic provided by the Board of Education. Children are urged to go to their family dentist, but where this is impossible the work is done free of charge in the clinic.

The following is a full and complete report of the work done by the dentist in the school clinic:

Examined all pupils in nine schools	3,442

School Saving Fund

The showing made in the School Saving Fund during the school year has been most gratifying. We note that while not so much money was deposited per pupil, that fewer withdrawals were made. The splendid way in which the Bloomfield Savings Institution is handling this work is to be commended.

School doors open 15 minutes before the school sessions begin and close 15 minutes after school is dismissed in the afternoon. From December 1 to March 30, the buildings are open during the noon hours.

The Superintendent of Schools may order half-day sessions because of weather conditions

Excuses for absence or tardiness must be signed by the parent or guardian, and state that the absence or tardiness was with the knowledge and approval of the signer or the equivalent. All lessons may be counted zero until made up in a manner satisfactory to the teacher. No lesson may be made up until an excuse has been accepted.

No charitable appeals may be laid before any class.

No person may visit any school or class to see any teacher or pupils upon personal business of any kind during the school hours.

The schools are always open to the inspection of the public, and parents and citizens are cordially invited to visit them at any time.

Teachers are to be present at school 15 minutes before school opens and 15 minutes after school closes.

Evening School teachers are to be present in classroom 5 minutes before school begins.

Teachers who are serving their first year in the Bloomfield school system may visit two days per year, one day within the system and one day in another school system.

Teachers during the first five years of service in the Bloomfield school system may be allowed five days with full pay for personal illness. After five days, deduction shall be substitute's pay for a period to be determined by the Board of Education.

From the end of the fifth year of service to the end of the tenth year, ten days may be allowed teachers with full pay for personal illness. After ten days, deduction shall be substitute's pay for a period to be determined by the Board of Education.

From the end of the tenth year of service to the end of the twentieth year, twenty days may be allowed each teacher with full pay for personal illness. After twenty days, deduction shall be

substitute's pay for a period to be determined by the Board of Education.

From the end of the twentieth year of service, as many days with full pay for personal illness may be allowed as the number of years the teacher has served in the Bloomfield school system. After that number of days allowance, deduction shall be substitute's pay for a period to be determined by the Board of Education.

When death or serious illness in the immediate family of a teacher calls him or her away from school work, an allowance of from one to five days with full pay may be made. After five days, deduction shall be substitute's pay for a period not to exceed thirty days.

In case of a teacher's absence on account of a wedding in the immediate family, there shall be deducted the substitute's pay for a reasonable number of days.

Full deduction of salary is to be made for absence for reasons other than personal illness or death in the immediate family.

Full pay will be deducted for absence occurring on the day before or the day following any vacation period, except as provided for above.

All claims regarding absences must be presented in writing to the Secretary of the Board of Education within one week from date of the teacher's return to school.

The compensation of substitutes is \$5.00 per school day in Grades I to VIII, also in the Kindergarten, and \$6.00 in Grades IX and XII.

Principals will report in writing, monthly or oftener, failures of specialists or class teachers to be present upon the time set in the schedules and rules.

The duties of teachers include required attendance at school, grade, special and general meetings, not exceeding five in any one month. The duties of principles and specialists include required attendance at all meetings designated by the school authorities. Teachers and principals should visit the pupils' homes in the performance of their educational obligations to circumvent truancy, to quarantine cases of suspected disease, and to consult parents in their children's interests.

Tuition for non-residents shall be as follows:

High School, \$120 per year.

Grammar Grades, \$50 per year.

Primary Grades, \$25 per year.

JANITORS

To be in building at 7 A. M., or as much earlier as may be necessary to have the building ready for school, and to remain as long as there are teachers or pupils in the building, except that a janitor shall not be requested to remain later than six o'clock, and shall not leave the building before five-thirty o'clock except by arrangement with the principal. The lunch period of the janitor will be arranged with the principal.

To take charge of the building during noon hour except when otherwise arranged with the principal.

To leave the buildings during school hours only with consent of the principals.

To sweep every room and hall every afternoon.

To empty all waste baskets every day.

To dust every room every morning before 8:30.

To clean thoroughly every blackboard once a week.

To clean every window inside three times each year.

To rake the yards and keep them clean.

To keep the lawns mowed.

To clear the sidewalk immediately after snowfall.

To fill all inkwells once a week and to clean them every fourth Saturday.

To visit his building in the care of the heating as late at night and as early in the morning as is found necessary to get the rooms heated properly before the opening of school.

To report pupils to principals for discipline when necessary.

To allow no pupils in or about the buildings until 15 minutes before the opening of school and after school has been closed for a half hour, unless accompanied by teachers, except in cases of extreme cold or storm and except when games are being conducted on the basketball courts.

To allow no loitering of pupils or others in groups about the grounds at any time, but to allow playing as instructed by the principal.

In bad weather the janitors may open the doors twenty minutes earlier than the usual time.

To make repairs at the request of principals.

To report all needed supplies to the principals in good season.

In addition to observing the above duties a janitor is at all times to consider himself under the general direction of the Principal of the building and the Superintendent of Schools.
